Winter STEM Enrichment at Hickory

GO GREEN

Environmental Engineering for Grades 1-5

During our Environmental Engineering program, students use the Engineering Design Process to design, create, test, and refine basic solutions related to alternative energy and environmental issues. They learn principles behind crafting efficient wind-powered machines and discover how those machines can be used to help reduce the use of fossil fuels. During the culminating project, students test different materials to discover which ones most effectively clean up after an oil spill.

Dates: Mondays for 6 weeks
Jan 29, Feb 5, 26, Mar 5, 12,
19

Time: 3:15 - 4:15 PM

Grades: 1st-5th

Price: \$102.00

REGISTER ONLINE

Hickory Parents – We have a **New!** registration system!

- Step 1:** Go to www.engineeringforkids.com/beachcitiesla and click on the green "View Schedule & Register" banner.
- Step 2:** Find Hickory's Go Green program under "Torrance After School Locations".
- Step 3:** Click on  icon to enroll. Click on "Create an Account" link in the pop-up box.
- Step 4:** Fill out parent information and add student information.
- Step 5:** Proceed to "Checkout", agree to terms, and enter payment information.
- Step 6:** Click "Continue my Purchase" and complete the enrollment. Look for a confirmation email!
